Allexis IEP 1:00
September 22nd Shannon IEP 8:00
September 25th Bryant IEP 2:00

Supervisor Note:

I can't believe we have already been back to Madonna for 3 full weeks with trainees! They are doing amazing! Over half of our class is new to the adult program this year. In the adult program we focus on skills that they will use the rest of their lives. Such as how to prepare their own food, how to clean their home, how to interview and apply for a job, phone skills and job skills. You will notice that their IEP goals will be a little different than they were when they were in the school program for this reason. We will be delaying the start of cooking casseroles for a week. Before we cook casseroles, I would like to do some simple recipes with them from our curriculum. I will let you know when the casseroles will be coming home. Thank you for sending in your check promptly. I won't be asking for another check for another until a month from when we start cooking.

Class News:

This week we have been learning all about manners. Ask your trainee some manners they need to have when visiting a friend. You should get some answers like. Wait to be invited in, never overstay your welcome. Talk to your host and be friendly, clean up after yourself and of course always say please and thank you. We read about the Kentucky Derby. Some of the trainees might want to watch tomorrow. It will be on TV Saturday September 5th. All the trainees are excited about the well deserved break over the 3 day weekend! Enjoy!

Quote of the Week:

*The expert in
anything was once
a beginner.*
